APRIL 17, 2020

APRIL 2020 NEWSLETTER. NUMBER 15

From the director :

Good morning everyone,

In this particular period, we would like to inform you that we are doing our maximum to meet the needs of our customers, some of whom are key in managing this health crisis.

We can respond to your requests because we are independent of foreign supplies.

See you soon

Laurent NANET

For the month of April 2020, we are pleased to welcome Antoine to the position of junior design office technician.

In these difficult times, we hope that your teams and collaborators are doing well. We wish you a lot of strength and courage to get through this difficult period.

Since March 30, we have resumed partial activity in order to meet the needs of our customers.

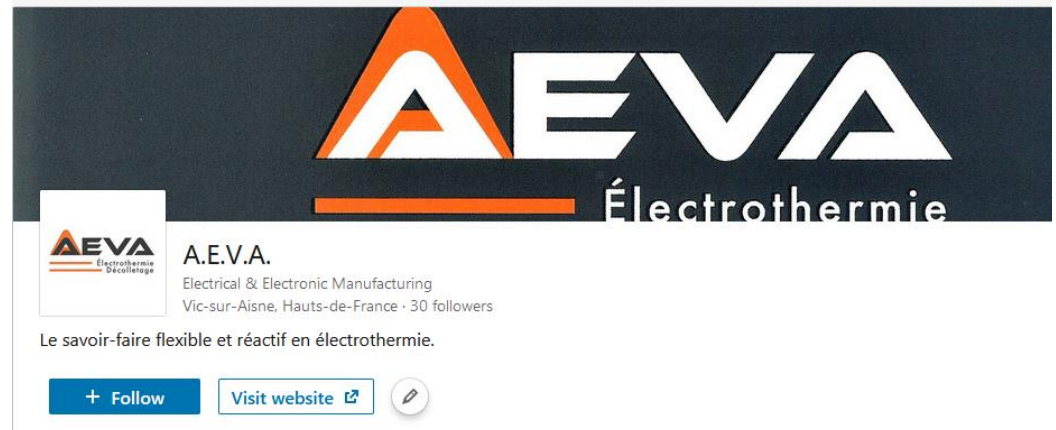

The situation allows us to work from Monday to Wednesday with a hotline in case of urgent request every day of the week.

All your requests are processed as soon as possible based on our partial production.

For any closed or partially active company, please inform us of your reception possibilities.

Do not hesitate to send us by email all your orders to commande@aeva.fr and all your price requests to ddp@aeva.fr and for all information to contact@aeva.fr.

We would like to inform you that we are part of "La French Fab".

La French Fab is the French way of doing industry which aims to unite industrialists and strengthen the promotion of French industry abroad.

La French Fab's ambitions for French industry are very far-reaching:

- Fast-tracking the transformation of French industry by publicizing and sharing the concepts and technologies underpinning Industry of the Future.
- Networking the energies of all players in French industry.
- Raising the profile and boosting pride of all those whomake up French industry and contribute every day to Frenchindustrial excellence, both domestically and around the world.
- Symbolizing the prosperous future of French industry and the attractive trades and professions that it comprises, encompassing all forms of vocational training, apprenticeships and employment.
- Clarifying the availability of state aid for industrial operations in France.

For more information, log on to www.lafrenchfab.fr.

We will inform you of the total reopening of our company as soon as possible, take care of yourself and those around you.
