16<sup>TH</sup> JULY 2020

JULY 2020 NEWSLETTER. NUMBER 18

From the director:

Good morning everyone,

After 3 months of health crisis and an economic upheaval, we are at the point where we ask ourselves all the questions for the future cause nobody is able to tell us where we will be in three months. The crisis is a disaster according to the media and INSEE moderates these remarks.

In any case, we must not ask ourselves too many questions, we must now act and move forward together in a spirit of national sovereignty.

So to you, our dear customers, thank you for trusting us and know that we do the same with our local suppliers.

Thank you again and have a nice holiday.

Talk to you soon ...

Laurent NANET

To inform you of the current situation within our company, we are gradually resuming regular activity (70%). By the end of July, we will return to normal activity.

We are soon planning to develop our website in English so that we can continue to develop our business internationally.

Our safety referent has passed EPSE (Health, Safety and Environment Prevention) training which allows the prevention of risks linked to everyone's safety and health. The Single Document is being updated to ensure the protection of all employees.

Remember, A.E.V.A will be closed for annual summer holidays from 03 August 2020 to 21 August 2020 inclusive. Your orders will be delivered from week 35.

Visit the next information flash for new information.
